Greece Residential Improvement Program

Investing in Our Neighborhoods, One Home at a Time.

Welcome to the Greece Residential Improvement Program (GRIP). The costs of owning and maintaining a home can add up. GRIP offers a way for qualified homeowners to make needed repairs that protect their investment, maintain Greece's quality housing stock, and protect the character and quality of our neighborhoods. Greece homeowners may be eligible for a grant of up to \$6,000 to cover necessary home repairs such as roof replacement, windows and doors, plumbing and electrical work, furnace and hot water tanks and more. The GRIP Team will work with you to determine your eligibility and prioritize which repairs your home needs most.

GRIP is administered by the Town's Office of Community Development and the Technical Services Department, and is funded by the federal Community Development Block Grant (CDBG) Program. Eligibility for GRIP is based on requirements established by the United States Department of Housing and Urban Development (HUD).

Supervisor Reilich and the Greece Town Board are committed to strengthening our community, which is why we're investing in our residential neighborhoods, one home at a time.

Maximum Grant Award: \$6,000

Applications are reviewed on a first-come, first-served basis.
